

January 28, 2014

The Honorable Jeff Miller  
Chairman, House Committee on Veterans' Affairs  
335 Cannon House Office Building  
Washington, DC 20515

Dear Chairman Miller:

As requested by the Committee, the following represents Microsoft's Truth in Testimony statement prepared in conjunction with the testimony I will provide for the January 28, 2014 hearing entitled "What Can the Federal Government Learn From the Private Sector's Successful Approach to Hiring Veterans?"

Microsoft does business with almost every Federal agency. It has some direct contracts with government agencies. However, in the overwhelming majority of instances, Microsoft serves as a subcontractor to a prime contractor that directly contracts with the government or offers goods or services to the government via an existing contracting vehicle, such as the GSA schedules. I do not believe any of these contracts relate to the subject matter of my testimony -- Microsoft's initiatives to help veterans find employment at the company and elsewhere in the IT sector.

Sincerely,

A handwritten signature in black ink, appearing to read "SKelley", with a large loop at the end.

Sean Kelley

Senior Staffing Director  
Cloud + Services  
Microsoft Corporation
